It is rather easy to get to Riga. Riga is not expensive. Usually the earlier you buy tickets, the cheaper they are. Same goes about the hotels.

Latvian flag carrier is airBaltic <https://www.airbaltic.com/>

Many other airlines have regular flights to Riga. The best deal you can always check on <http://skyscanner.com>

Netherlands: Wizzair offers cheap flights from Eindhoven (flights are three times per week).

Lithuanian Vilnius and Estonian Tallin are some few hours drive from Riga, if you feel like combining trip to the wedding with travelling Baltic countries.

Riga itself is very beautiful with Medieval German style Old town (Vecriga) and Jugend style (Art Nouveau) streets, with the famous resort Jurmala with its long white beaches and sometimes warm water is just 30 mins away from it.

Riga is a rather small and compact city, but if you would like to use taxi, the best is Taxify (same as UBER which isn't operating in Latvia):

<https://play.google.com/store/apps/details?id=ee.mtakso.client>

<https://itunes.apple.com/us/app/taxify/id675033630>

Expect prices as low as 2-3 euro for a ride, or 10-12 to get to the airport.

This promo code will give you a discount (and us) for your first drive with Bolt: **CWBT6K**

Public transport exists too.

We don't know much about hotels in Riga as we never needed a hotel...

But Booking.com knows'em all! <https://www.booking.com>

And here you can find hostels <https://www.hostelworld.com>

If you can, it would be more convenient to stay in or close to the Old Town (Vecriga) or in the quiet center (around Brivibas, Barona, Strelnieku street). In this case you will be walking distance from the main sights and the meeting place for a transfer. In any case, there is Taxify.

Please don't forget that a night from Saturday to Sunday you have a comfortable accommodation at Mežbrenči (wedding place)

If you are wondering where to eat and try local cuisine, one best answer is LIDO

Tasty local food for good prices (be careful, big portions :-O)

We will be happy to assist you with any questions about how to get to Riga, what to see, for how many days, where to stay, etc.

How to communicate in Latvia (applies also for Lithuania and Estonia): younger people and people in service mainly speak decent English (or you can always use Google Translate to Russian or Latvian).
